FEMALES OF FALL
SALE 2026

Welcome

Welcome to the annual NCHCA North Star Show and Females of Fall Sale. This year is extra special for many reasons. This is our TENTH year hosting a sale. From humble beginnings, our sale has evolved and matured. We hosted live sales, we hosted our first online-only sale during COVID, and returned to in-person sales a couple of years ago. Mostly because we have such a good time when we get together. Thank you for joining us! Don't forget about our Frozen Genetics sale, coming, again, in 2027.

We are so grateful to our consignors. We have a spectacular sales catalog for your consideration this year. These breeders have made careful breeding decisions and put hours into halter training these special sale lots. Our advice: Bid early and often!

Finally, we rebranded our organization and incorporated the North Star into our name and logo. For people of the north, l'etoile due nord, this unmoving star, represents steadfastness, hope, and resilience. No matter where you are from, we hope you enjoy our northern hospitality, and you take home some North Star spirit with you (and some great new cattle!)

Sale Committee

Josh Krenz (Chair), Brad Barnes, Stacia Danielson, Ginny Green
Randi Johnson, Jeremiah Mewes and Julianne Motis

A Note of Appreciation

This sale is put on by volunteers. One constant through these past ten years of sales has been our NCHCA Sale Committee Chair, Josh Krenz. We have been so fortunate to have him drive this effort every year and have benefitted from his expertise and energy. Our sale committee volunteers put many, MANY hours behind the scenes to bring you this opportunity to bid on quality cattle. As they say, it is a labor of love. We do it for our members and our love of the breed. If you see someone from the sale committee, be sure to thank them.
