*** Calves must be registered or have pending registration. If not, calves will be sold as unregistered.**

Marketing Information – write a paragraph about your cattle for online and the sale catalog – THIS IS REQUIRED for entry.

2021 SALE AGREEMENT

(Consignment Sales)

Name of Sale: Highland Cattle Production Sale presented by NCHCA

Date: June 19, 2021

By participating in this consignment sale, I agree to abide by all rules regarding the sale sponsored by the North Central Highland Cattle Association. I understand that sale proceeds will be disbursed within a 60-day period after the sale.

I also understand that all consignments will be charged a uniform sales commission of 8% to cover shared expenses from all consignors for advertising, catalogs, sale bidding platform, etc. I agree that commission will be charged on any last bid received in the sale ring and it constitutes the basis for sale expense, which includes floor prices, pass outs, etc., and the seller will be charged 8% commission for the sale or 4% commission for buy backs, based on this number. I understand that any buy back or reserve limit must be submitted to the sale committee chair by June 5, 2021, or I can bid on the animal and buy it back myself as well. I understand that entry fees (\$50 per animal for NCHCA members, \$80 for non-members) are not refundable.

I certify that I am the owner of the consigned cattle, and all statements, pedigrees, photos and video information provided is factual and in accordance with the guidelines of the American Highland Cattle Association.

I give the Highland Production Sale presented by North Central Highland Cattle Association committee permission to use my information and the images provided to promote my submissions as they best see fit.

I have read and will adhere to the following requirements. Registered animals must have a legible tattoo that corresponds with registration papers. All animals must have a USDA-APHIS approved ear tag linking to the farm of origin. All animals must have a negative BVD test. (This is a one-time test, so if your animal has been tested please note that results of that test is all we need.) The test should be the PI test. Females under 24 months must be vaccinated for Brucellosis or be tested Brucellosis free. All females over 24 months must be tested negative for Brucellosis, if not vaccinated. Pregnant animals must be confirmed in calf or listed as open on the health certificate. All entries must be poured with parasitological control within 10 days of buyer pick up (please be sure that your product contains appropriate measures for sucking lice) and date of treatment must be provided. All bulls born 15 months or older must pass a breeding soundness exam, performed by a licensed veterinarian. Any non-virgin bull will need to be Trichomoniasis Tested. All bull testing reports need to be complete and uploaded to HighlandSale.org by June 5, 2021, or your bull will be scratched from the sale and you will forfeit your entry fee. See the official health requirements outline at HighlandSale.org.

A write up of all vaccinations/calving records/vet care would be appreciated for new buyers. A minimum of this year's vaccinations is encouraged. This is at consignor's discretion, but the minimum is encouraged. Upon completion of the sale, any animals being transported out of the state of current residence must have a health paper completed for the animal at the seller's cost.

Videos and all photos are due by May 15, 2021, or you may forfeit your entry with no entry refund.
