Turning just one year old during the promotion of his sale, Gray Owl's Hamish is a young bull showing great potential for both the show ring and as a herd sire. Hamish's naturally conditioned frame reflects his unique pedigree. Starting on his maternal side, his dam Gray Owl's Britta (55,429) brings in the genetics of grand sire GH Mr. Chips (45,568) and grand dam JAR Britni (43,433), a combination that did so well for Gray Owl Farm's breeding program. For example, out of this pairing we see Britta reflect a feminine stature of her full-sibling Gray Owl's Bearach (50,007), a six-time champion bull for Gray Owl Farm's. On his paternal side we find his grand dam Trafalgar Sabrina (42,751), a Gray Owl Farm's foundation cow who consistently exhibited a 1,600-pound frame. Yet it's his well-muscled frame, curly-haired legs, and wave-layered guard hairs that make it difficult not to compare Hamish to his famous grandsire Gusgurlach of Windrush -6015- (D). Halter trained as a calf, Hamish carries himself on lead with eye catching confidence. If you are looking for a bull that can step into the ring now to showcase your future and bring recognized genetics to your breeding program, do not miss this unique opportunity to capitalize on what Hamish has to offer.

Semen Available Worldwide

Trafalgar Benedict, sire of Lot 32 & 33

**NOTE: Lots of semen do not qualify for export out of the United States.**

## **AUCTION FORMAT**

- The Online Sale and bidding will go live June 15 at 1 p.m. CST. It will end June 20 at 1 p.m. CST. The lots will end every five minutes (1:00, 1:05, 1:10 etc.), except if someone bids in the last minute. This will extend that lot for an additional 3 minutes and this will keep repeating until no one bids on that lot in the last minute.
- You must register for a bidding number to bid. All bids will be online only (no phone bids). You can register for a bidding number by clicking at HighlandSale.org and then by clicking on “Bid Online.”

## **PAYING FOR PURCHASED ANIMALS**

- At the end of the Sale, we will invoice all buyers from NCHCA. Buyers will have until 9 p.m. on June 20 to pay for their animals or to make arrangements to pay by check with Josh Krenz (Treasurer).
- Once animals are paid for, we will contact Sellers on June 21 with the names of Buyers.

## **TRUCKING**

There are two options for shipping. Animals can be picked up directly from off the seller's farm or from Four T Acres.

- Seller Option: Buyers can work directly with Sellers to arrange transportation direct from the Seller farm. It will be the Buyers choice. We ask Buyers to let the sale know by June 22.
- Four T Acres Option: Sold animals can be picked up by appointment after 11:00 am on Saturday, June 27th at Four T Acres in Burlington, Wisconsin. This option may be preferable to Buyers who have purchased multiple animals. (NOTE: This option is not available for the lots in Oklahoma.)

All animals will need to be picked up by June 30 from Seller Farms or June 27th from FTA.

If you need the names of livestock transportation companies, please email us at [sale@nchca.org](mailto:sale@nchca.org) for a list.
