Here's a really good cow, paired with the perfect yellow heifer calf. Where do we start with Schon Boden's Lani? We have loved her since she arrived at our farm as a yearling. Lani is built how we want every one of our cows to be; long, deep, and wide. She moves well on her legs and feet. She has produced three beautiful daughters in a row, including WL Laci, a dun heifer who is a full sister and sold for \$13,000 on the 2023 National AHCA Sale. Lani's mother, Schon Boden's Lydia, is one of the top cows at one of the oldest active Highland farms in the USA, Schon Boden Farm in Osceola, Wis. Lani sells with her March 2023 heifer calf, WL Mhari, who is a daughter of one of the most well-known silver bulls in the USA, WL Genesis. As is typical of Lani calves, Mhari is the fastest growing calf in our 2023 calf crop. This pair brings one of the best cow-calf combos we have ever offered. Don't miss out on this young cow and future powerhouse calf. See more at WindlandFlats.com

CBS Yaz's Yukon Jill is an experienced brood cow and one of those "easy keepers" who drops a calf, gets it up and going, feeds it well and still holds her body condition! Jill is sound on the move and has the udder we all wish for in our cattle. A full sibling to CBS Yaz's Yukon Jack, one of the breed's most consistent sires, Jill held her own in the show ring as a heifer and has produced high quality offspring with a variety of sires. She has just weaned her 2022 heifer calf and is due in late September with a calf by the well known Canadian bull, Zeus of Swains. With the powerful combination of Sunset and LEA genetics on the dam's side and the Scottish lineage of the Benmore and Glengorm folds on the sire's side, her calf should be exceptional! Whether you're just getting started with Highlands or looking to add to your herd, you won't go wrong with Jill. She's pretty to look at, easy to handle, and raises great calves!

#NC301 MIDWAY MEADOWS ANNA (PV,D)

Registration # 60,578

Color: Red

Date of Birth: 06/20/20

Sire: Midway Meadows Bear (D)

Dam: Schon Boden's Alice (D)

Consignor: Midway Meadows
Jason.paulson@me.com

Esko, MN
218-721-6500

Midway Meadows Anna is a farm favorite and a little sweetheart. Her disposition and demeanor simply captured our hearts and she was moved to a breeding female. She is small, far from aggressive, and would be a great fit for a small farm with fewer cows due to her calm, sweet, and intelligent characteristics. Anna currently weighs 770 lbs and measures 47" at the tail. She exhibited excellent maternal instincts while raising her first calf. She is open, as our farm has been without a bull since the fall of 2022. As our smallest cow, she is bullied by much larger production females when on pasture. It is our hope that this beautiful highland, this little lady finds a good home with easy living.

She is scheduled to be exposed to our new Highland Spice Cloud 9 prodigy breed bull and NWSS class winner HS Love is a Rose at auction time. We will hold to offer this opportunity to the buyer with a guaranteed positive pregnancy check prior to pick up. All opportunities also exist.

Anna will never win NWSS. But she does win hearts!

Kennedy was the champion senior heifer calf at 2022 New York State Fair, 2022 World Beef Expo and 2023 Block and Bridle, and was the reserve champion senior heifer calf at the 2022 MAHA Spring Classic, York State Fair, and KILE. Recently at the 2023 MAHA Spring Classic, Kennedy won 1st place Class A Senior Heifer in the Junior Show, and second place Class A Senior Heifer in the Open Show. Kennedy is halter broken, travels well and is typically the submissive female in a group. She can be disrespectful and headstrong at times so is not recommended for beginners.
