Status Codes and their Meanings

A status of **Disc** indicates that the ejaculate was discarded due to either low motility or semen defects

A status of **Drop** indicates that the ejaculate was discarded after freezing (usually due to low motility)

A status of **Pend** indicates that the ejaculate is awaiting Quality Control Procedures and production is estimated

A status of **Appr** indicates that the ejaculate has passed Quality Control but has not yet been posted to Inventory

A status of **Prod** indicates that the ejaculate produced the number of straws in the Production column
